Why shop in Chino?

Did you know that a portion of the state sales tax you pay on retail products purchased in the *City of Chino* comes back to your local City government?

These sales tax revenues help pay for services to the community, such as fire and police protection, as well as activities and human services programs. Increased revenues to the City result in a higher quality of life for the businesses who operate in Chino and for the 80,000+ residents who live here.

By doing business with your local retail stores, you are providing jobs for Chino residents and supporting the entrepreneurial spirit of small business owners. Please keep your dollars in Chino -- support your local community and your neighborhood business owners.

While we made every effort to be thorough, due to space limitations we are unable to list all 500 Shopping Center businesses. For a complete list, please contact the City of Chino at (909) 590-5500.
