 - A. A. Butt of the weapon is placed high on the chest

- B. Strong hand pulling the shotgun into the chest**
- C. Support hand on the fore end**

A. VII. Weapon Loading Procedures

Procedures for loading with the slide to the rear “combat load”

Retrieve a shotgun shell

Insert the shell into the open chamber

Work the slide forward closing the chamber

Load additional shells into magazine tube

Procedures for loading with the slide forward

Load shotgun shells into magazine tube

Depress the slide release button

Forcefully work the slide backward and forward loading chamber

Procedures for loading with the slide forward

Load shotgun shells into magazine tube

Work the slide backward and forward loading chamber

Procedures for sustained loading while firing

1. With the support hand retrieve shell from side saddle

2. Insert shell into magazine well

3. Scan and breath

Procedures for “parking lot load”

1. 5 “00” Buck in the magazine tube

2. 6 Slug in the side saddle

3. Chamber empty

4. Trigger depressed

5. Weapon off safe

A. VIII. Unloading Procedures

Unloading the weapon.

Point weapon in a safe direction.

Depress the slide release button.

Pull the slide to the rear while putting upward pressure on the spoon.

Shell will eject out of magazine when slide reaches the rear

Depress shell catch button inside chamber to empty shells from magazine.

Visually and physically inspect.

A. IX. Failure to Fire Procedures

Types and Definition

Stoppages

Transitioning

Malfunctions

Catastrophic failure

Faulty operation

C. Procedure for clearing failure to fire

Forcefully work the slide backward and forward

Engage targets as necessary

A. X. Marksmanship Fundamentals

Weapon Holds

High ready

Low ready

Depressed muzzle

Safety Circle

Aiming Process

Accurately engage targets.

Sight alignment

Front bead sight

Position of head

Focus

Sight Picture

Point of Aim

Sight alignment

Misses that increase in proportion

Trigger Control

Trigger finger placement

Trigger finger movement

Contact of trigger finger

XV Shooting on the Move

- 1. 1. Heel to toe walking, rolling the foot (forward)**
- 2. 2. Toe to heel walking (backwards)**
- 3. 3. Normal steps, no shuffle**
- 4. 4. Good knee flex**
- 5. 5. Torso forward lean**

A. XI. Practical Application/Range Training

A. Refer to attached course of fire.
