## Supplies

- 1 paper plate per flying saucer

## Instructions

1. With the plate upside down, draw a circle around the base of the plate.
2. Inside the circle, draw lines dividing the circle into 12 equal pieces as shown.
3. Cut along the straight lines as far as the circle.
3. Fold every other triangle up and press the others down (see picture).
4. Decorate with stickers or crayons/markers.
5. Then take the saucer out to fly.
