

Galaxy Playdough

Supplies

- 2 cups of flour
- 1/2 cup of salt
- 1 1/2 cups of boiling water
- 2 tbsp. of baby oil
- 2 tbsp. cream of tartar
- black food coloring
- 3-5 drops of glycerin (located in the health and beauty sections in most stores)

Instructions

1. Combine the flour, salt, & cream of tartar in a bowl and mix well.
2. Add several drops of black food coloring to the boiling water, and then combine that in the bowl along with the baby oil and the glycerin. Mix all the ingredients.
3. Continue mixing until the play dough is formed
4. Knead the dough for several minutes with clean, dry hands. Add more food coloring as you knead if needed. A LOT of food coloring is needed to get the rich, black coloring seen above.
5. Once mixed, the play-dough will be the most amazing, super stretchy dough!
6. Finish the play dough by adding glitter in to mimic the stars in the galaxy.
