

Thankful Turkey Toilet Paper Roll

Supplies

- 1 toilet paper roll
- 2 googly/wiggly eyes
- construction paper- brown, orange, red, yellow- 1 sheet of each color
- scissors
- glue stick
- pencil (not pictured in the photograph)
- craft sticks and a marker

Instructions

1. Draw the outline of your child's hand on the red, orange, and yellow sheets. Do two of each color, cut the outlines and set to the side.
2. Now cut a strip of brown paper, enough in size to wrap around the toilet paper roll and to tuck in on either side. Glue well.
3. Glue the wiggle eyes onto the face. Then glue the tail feathers onto the other side of the roll. Layer each handprint, ensuring each one is glued on well.
4. Complete the turkey by drawing, cutting out, and gluing on an orange beak, a red snood, and feet.
5. Finally, write out the names of family members and friends on the craft sticks, a name per stick, who will visit for Thanksgiving.
6. On Thanksgiving, pull a name and each family member says what they are thankful for.

Thank you
